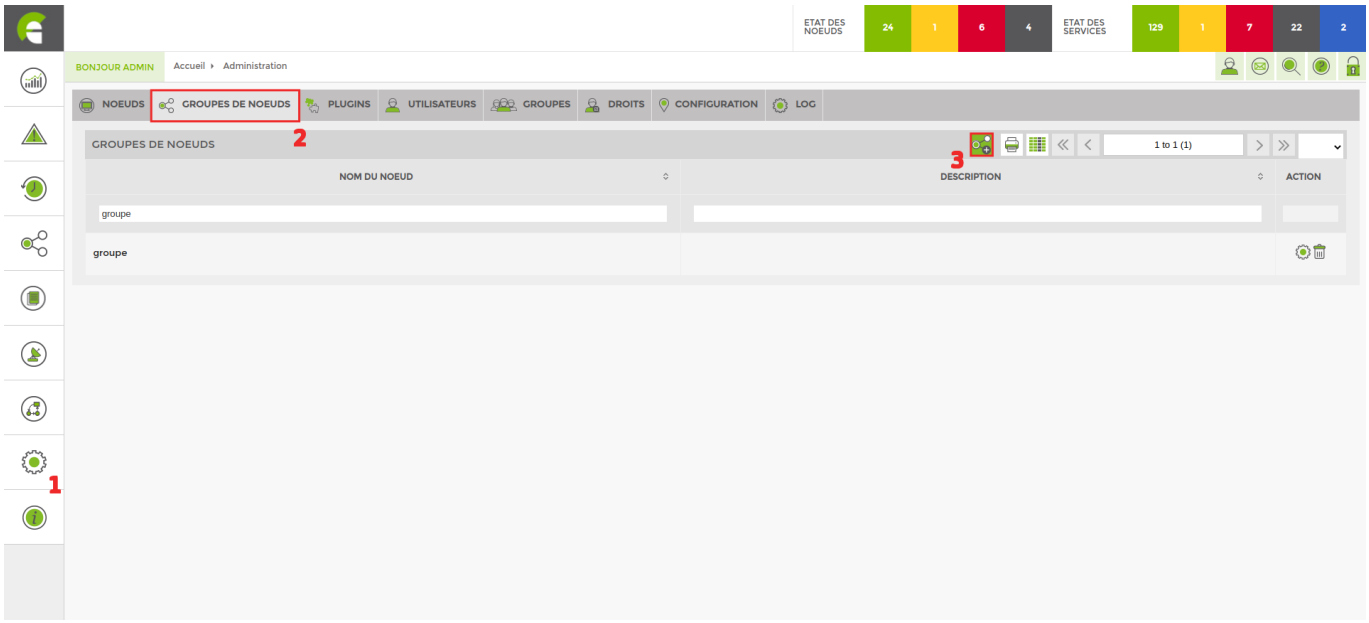
Node group management

Add a node group

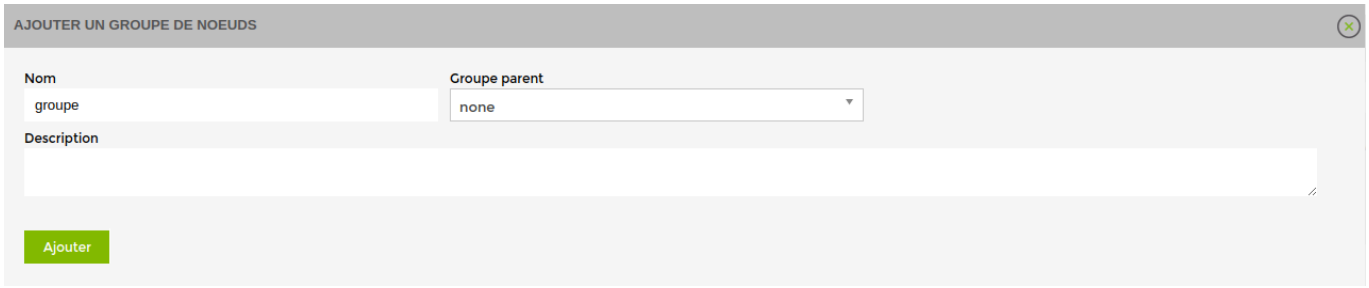
In the left-hand side menu, click the « **administration** ».

Then « **Groupe de noeuds** » followed by the small button « **Ajouter un groupe de noeuds** » .



Define a name. You can add a group to a group. The description is optional.

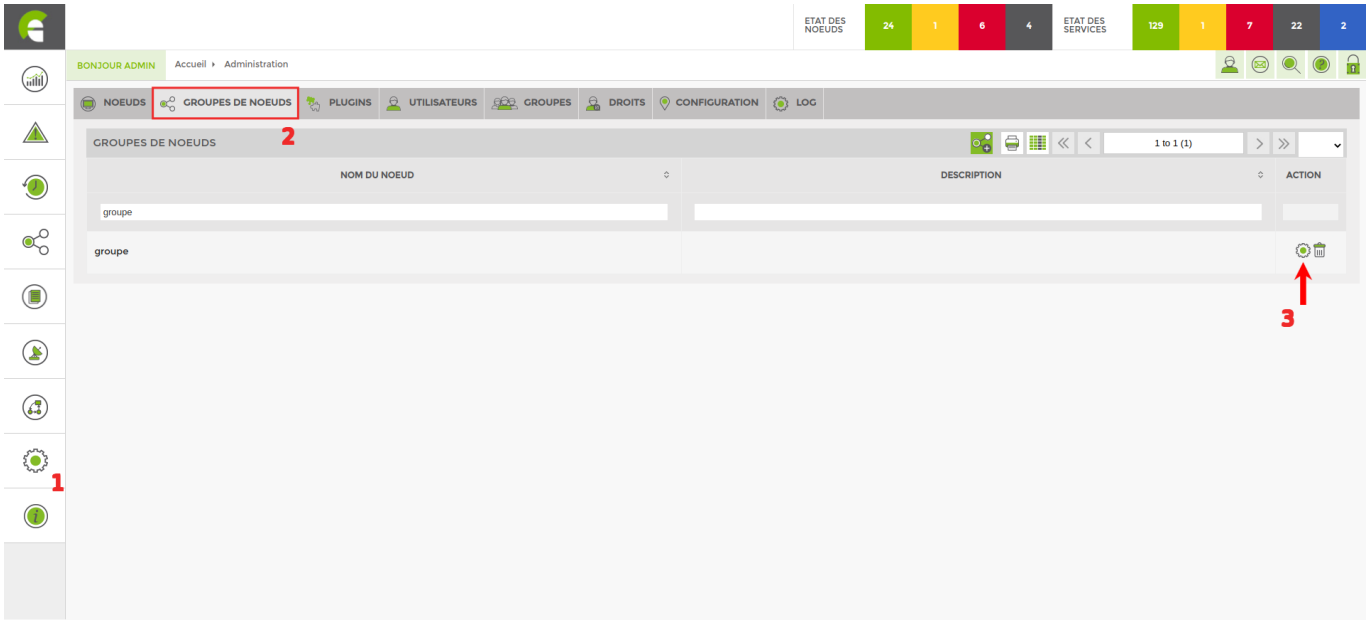
Then « **Ajouter** ».



Modify a node group

In the left-hand side menu, click the « **administration** ».

Then « **Groupe de noeuds** » followed by the small button « **Modifier un groupe de noeuds** » .



Delete a node group

In the left-hand side menu, click on the « **administration** ».

Then « **Groupe de noeuds** » followed by the small button « **Supprimer un groupe de noeuds** » .
