

Dashboards

ESIA lets you create as many customised dashboards as you like. The aim here is to highlight the points of importance relative to each user. You create a tile, size it and integrate the information that is of interest to you. A tile can contain one or more **widgets**. To find out more about widgets, please consult the [list of widgets](#).

Les tutoriels ESIA - Les tableaux de bord

Add a dashboard

Go to the “**My Dashboards**” tab and click on “**Add dashboard**”.

This screenshot shows the 'Technique - Routine' dashboard. On the left, there's a sidebar with icons for 'MES TABLEAUX DE BORDS' (1), 'PARTAGÉS' (2), and a 'AJOUTER UN TABLEAU DE BORD' button. The main area has several sections: 'ALERTES CRITIQUES' with a table showing node names, groups, alerts, and services; 'TOP DES NOEUDS EN ERREUR' with a list of nodes and error counts; and three summary tiles: 'VUE LIÉE À DES GROUPES DE NOEUDS' (13, 0, 0, 0), 'VUE LIÉE À DES GROUPES DE NOEUDS' (53, 1, 0, 0, 0), and 'SWITCH' (53, 1, 0, 0, 0). The top navigation bar shows 'ETAT DES NOEUDS' with 25 green, 2 yellow, 4 red, and 4 blue nodes, and 'ETAT DES SERVICES' with 132 green, 2 yellow, 4 red, 16 blue, and 2 purple services.

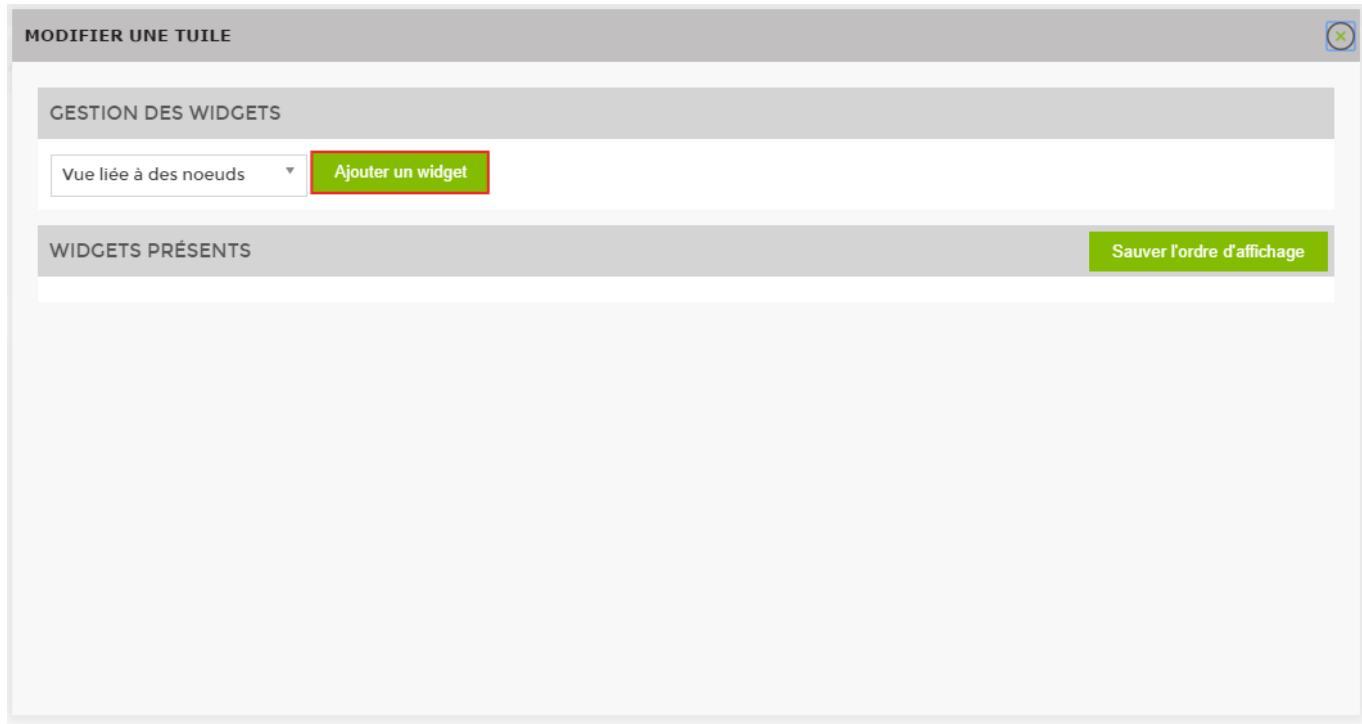

You will arrive on the following page:

This screenshot shows the 'TABLEAU DE BORD' configuration page. The sidebar is identical to the previous dashboard. The main area has a 'TABLEAU DE BORD' section with a large green '+' button and the text 'Ajouter une tuile'. The top navigation bar shows 'ETAT DES NOEUDS' with 25 green, 2 yellow, 4 red, and 4 blue nodes, and 'ETAT DES SERVICES' with 132 green, 2 yellow, 4 red, 16 blue, and 2 purple services.

You can rename the dashboard by clicking on the icon , but you can also give it a **description** and **share it** with other users in **read and/or write** and **generate a public link**.

This screenshot shows the 'MODIFICATIONS GÉNÉRALES' configuration panel. It includes fields for 'Nom' (new dashboard), 'Description' (Partager le tableau de bord avec (écriture)), 'Partager par lien public' (Générer), and 'Partager le tableau de bord avec (lecture)' (Sélectionner des utilisateurs). There's also a 'Partager le tableau de bord avec (écriture)' field and a 'Sélectionner des utilisateurs' field.

Click on “**add a tile**” then on the to configure your tile as shown below.

This takes you to the menu for modifying a tile. Tiles allow you to display widgets that bring up information about your nodes in a graphical and easy-to-understand way.

Adding widgets

Once in the tile modification menu, choose the type of widget you want to add, then click on the widget that appears just below it.

MODIFIER UNE TUILE

GESTION DES WIDGETS

Vue liée à des noeuds ▾ **Ajouter un widget**

WIDGETS PRÉSENTS

Sauver l'ordre d'affichage

To find out how to set up your widgets, go to the page [widgets](#).

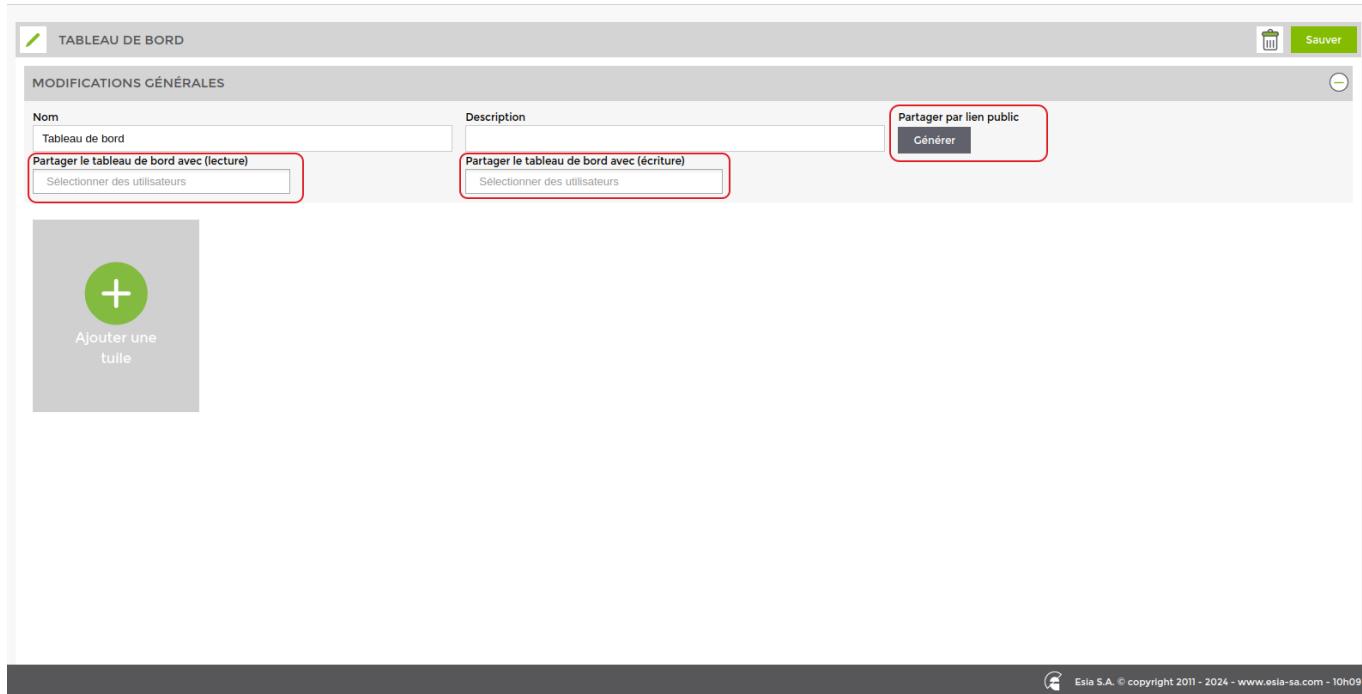

You can integrate several widgets into a single tile. This will cause the widgets to scroll one by one every 30 seconds (times can be set).

You can now save and return to the initial page of your dashboard. You're free to add as many tiles as you like. You can adjust the size of the tiles dynamically by left-clicking on the next part of the tile:

Share a dashboard

You can share a dashboard by :

1. Reading
2. Reading and writing
3. Public

The screenshot shows the 'TABLEAU DE BORD' (Dashboard) interface. At the top, there are buttons for 'Supprimer' (Delete) and 'Sauver' (Save). Below the header, the title 'MODIFICATIONS GÉNÉRALES' is displayed. The 'Nom' (Name) field contains 'Tableau de bord'. The 'Description' field is empty. To the right, there is a button 'Partager par lien public' (Share via public link) with a 'Générer' (Generate) sub-button, both of which are highlighted with a red box. Below these fields, there are two buttons: 'Partager le tableau de bord avec (lecture)' (Share the dashboard with (reading)) and 'Partager le tableau de bord avec (écriture)' (Share the dashboard with (writing)), each with a 'Sélectionner des utilisateurs' (Select users) sub-button. A large button 'Ajouter une tuile' (Add a tile) with a green plus sign icon is located on the left. At the bottom right, there is a copyright notice: 'Esia S.A. © copyright 2011 - 2024 - www.esia-sa.com - 10h09'.

In public

Before a dashboard can be shared publicly, a user must be present in the "**default_read_access**". You can generate a full-screen sharing link and only give access to the dashboard.

PARTAGER PAR LIEN PUBLIC

L'utilisateur qui accède via le lien aura le même droit d'accès que l'utilisateur spécifié.
Les utilisateurs du group root ou ayant le droit "esia_administration" ne sont pas sélectionnables.
Créer un utilisateur dans le groupe "default_read_access" pour des accès à tous les noeuds en lectures

Utilisateur masqué
